CHAPTER _____

An act to amend Section 14132.06 of the Welfare and Institutions Code, relating to health services.

LEGISLATIVE COUNSEL'S DIGEST

AB 549, Wildman. Postsecondary education institutions: health services.

(1) Existing law specifies that certain services that are provided by a "local educational agency," which is defined as the governing body of any school district, the county office of education, or a state special school, are covered Medi-Cal benefits.

This bill would specifically authorize a community college district, a California State University campus, or a University of California campus to bill for services provided to any student, regardless of age, who is a Medi-Cal recipient.

(2) This bill would incorporate additional changes in Section 14132.06 of the Welfare and Institutions Code proposed by AB 1294 to be operative only if both bills are enacted and become operative on or before January 1, 1998, and this bill is enacted last.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

The people of the State of California do enact as follows:

SECTION 1. Section 14132.06 of the Welfare and Institutions Code is amended to read:

14132.06. (a) Services specified in this section that are provided by a local educational agency are covered Medi-Cal benefits, to the extent federal financial participation is available, and subject to utilization controls and standards adopted by the department, and consistent with Medi-Cal requirements for physician prescription, order, and supervision.

(b) Any provider enrolled on or after January 1, 1993, to provide services pursuant to this section may bill for those services provided on or after January 1, 1993.

(c) Nothing in this section shall be interpreted to expand the current category of professional health care practitioners permitted to directly bill the Medi-Cal program.

(d) Nothing in this section is intended to increase the scope of practice of any health professional providing services under this section or Medi-Cal requirements for physician prescription, order, and supervision.

(e) (1) For the purposes of this section, the local educational agency, as a condition of enrollment to provide services under this section, shall be considered the provider of services. A local educational agency provider, as a condition of enrollment to provide services under this section, shall enter into, and maintain, a contract with the department in accordance with guidelines contained in regulations adopted by the director and published in Title 22 of the California Code of Regulations.

(2) Notwithstanding paragraph (1), a local educational agency providing services pursuant to this section shall utilize current safety net and traditional health care providers, when those providers are accessible to specific schoolsites identified by the local educational agency to participate in this program, rather than adding duplicate capacity.
